*When comparing the total cost of the range to comparable product lines featuring similar formulations.

The most cost-effective range of prescribed emollients^{1*}

Our formulations are similar to the best-known emollient
brands, but without the price tags. So you don't need to
compromise to economise.

**Save up to 65% vs. the
best-known emollient
brands.¹**

An emollient range for eczema, psoriasis and other dry skin conditions.
